Send us your artwork, or choose from our 900 plus patterns. Your salesperson can help you through the process and will check color, scale and fabric choices. Our team of artist can work with your file or create a pattern of your choice from art supplied. They can recolor, and create a repeat for your project. We will manufacture any size tablecloths, napkins, chair covers, banners, backdrops, pillows, or buy the fabric by the yard to make it your own linen.
